Prepare your cases with precision thanks to this complete kit from Lee.

The **Lee Deluxe Case Conditioning Combo** is an all-in-one **case preparation kit** . It allows you to cut, chamfer, and clean primer pockets to ensure accurate and secure reloading.

- **Cutter & Lock Stud:** for shortening sockets manually or with a drill
- **Chamfer Tool:** Inside/Outside Chamfering Tool
- **Primer Pocket Cleaner:** Double-sided cleaner for primer pockets
- **Power Grip Shell Holder:** ergonomic holder for sockets
- **Compatibility:** with gauges via length gauges (not included)

An all-in-one kit for preparing piping tips

Lee 's **Deluxe Case Conditioning Combo** offers a complete solution for **preparing your cases** before reloading. Ideal for discerning reloaders, this compact kit includes everything needed to precisely trim, chamfer, and clean primer pockets.

- **Cutting tool (Cutter & Lock Stud):** compatible with a drill for time savings
- **Chamfer Tool:** deburring and chamfering of the internal/external neck
- **Primer Pocket Cleaner:** Cleaning of small and large primer pockets

Comfort and ergonomics with the Power Grip

The included **Power Grip Shell Holder** provides a comfortable grip for holding sockets during manual operations. It is also compatible with Lee's Auto Prime and Auto Bench Prime tools.

Versatile use

This kit simply requires the addition of a **case length gauge** (sold separately) to be operational with your chosen caliber. An essential for all reloaders concerned with the consistency of their ammunition.

FAQ

Does this kit work with all calibers?

Yes, provided you add the Lee length gauge suitable for your caliber **(sold separately)** .

Can this kit be used with a drill?

Yes, the Lock Stud can be mounted on a drill to facilitate shortening sockets.
