LE877	Lee Reloading stand #90688	Vente libre	66	99	61	279.00 € incl. tax

Compact, stable reloading station compatible with all Lee presses.

The **Lee Load Stand** is a powder-coated steel **reloading stand** , ideal for small spaces or busy workshops. Designed to accommodate all Lee metal presses thanks to its Bench Plate quick-release mounting system.

- **Height:** 99 cm (39")
- **Width:** 66 cm (26")
- **Depth:** 61 cm (24")
- **Structure:** powder-coated steel, 3 feet with rubber tips
- **Compatibility:** Lee presses via integrated Bench Plate
- **Included equipment:** lower shelf, storage bin, accessory holders

An ideal support for small spaces

The **Lee Load Stand** is designed for loaders who don't have a dedicated workbench or lack space. Its triangular, powder-coated steel frame provides **perfect stability on all types of flooring** , including uneven surfaces and carpets. Each leg is equipped with non-slip rubber feet.

Fully compatible with Lee presses

The heavy-gauge steel top is equipped with the **Lee Bench Plate System** : a quick-mounting plate that allows for tool-free installation and removal of all **Lee metal presses** . Two storage slots for additional plates are integrated beneath the workbench to keep your presses and accessories neatly organized.

Customizable and scalable

Each leg of the stand has **8 mounting holes** , allowing you to add storage bins, tool holders, or other custom extensions. A technical plan is provided for **building your own extension shelves** , according to your needs.

Simple assembly, guaranteed sturdiness

Assembly is quick and easy with standard tools. Once assembled, the stand can be weighted down (e.g., with a concrete block, not included) for **maximum stability during reloading** . A red plastic storage tray is also included for small components or tools.

FAQ

Is this support compatible with other brands of presses?

The support is designed for Lee presses using the Bench Plate system. Other brands can be adapted with manual modifications to the plate.

Is the concrete block visible in the photo included?

No, the ballast block is not included. It is recommended for added stability.

Can other accessories be attached to the feet?

Yes, the feet are pre-drilled for the addition of bins, trays or other compatible accessories.
