A complete tool set with bushings for quick and efficient tool changes.

The **Lee Breech Lock 3-Die Set** includes everything you need to accurately reload your cases. Ideal for demanding shooters using a quick-change press.

- **Compatibility:** presses with **Breech Lock** system
- **Contents:** 3 tools + shell holder, powder dispenser, instructions
- **Tool 1: Full Length Sizing Die** for complete resizing
- **Tool 2: Micrometer Bullet Seating Die** for precise adjustment
- **Tool 3: Factory Crimp Die** for reliable crimping
- **Bushings:** colored rings for quick identification

A kit designed for Breech Lock presses

This **Lee Breech Lock 3-piece tool set** is designed for presses equipped with the Breech Lock quick-change system. It includes three precision tools and color-coded bushings for instant installation without tedious adjustments.

Total resizing and micrometric adjustment

The **Full Length Sizing Die** ensures complete case resizing, while the **Micrometer Bullet Seating Die** provides ultra-precise depth adjustment thanks to its laser-etched micrometer ring. Ideal for fine-tuning accuracy with every load.

Secure crimping with the Factory Crimp Die

The **Factory Crimp Die** allows for consistent crimping even without a groove, improving the safety and consistency of your cartridges. It's the perfect tool for users of hunting or semi-automatic ammunition.

A versatile and complete kit

In addition to the three tools, you'll find a **universal shell holder** , a **powder measure** , and a **complete instruction manual with reloading tables** . For regular shooters, this kit allows you to switch between calibers without wasting time, while guaranteeing perfect repeatability.

FAQ

Is this tool set compatible with all Lee presses?

It is designed for presses equipped with the **Breech Lock** system, such as the Classic Cast or the Breech Lock Challenger.

What if my cases are already fire-formed?

In this case, opt for a **Neck Sizing Die** to resize only the neck. This extends the life of the cases and improves accuracy.
