NUM825	NUMAXES - Blister 1 pile CR2450 lithium 3V (Equival. DL2450)	Vente libre	3	CR2450	4.50 € incl. tax

3V lithium button cell battery for Canicom/Canicalm collars and remote controls.

The **NUM'AXES CR2450 lithium battery** delivers a stable 3V voltage for extended battery life. Compatible with several of the brand's anti-bark collars and remote controls.

- **Technology:** lithium
- **Voltage:** 3V
- **Capacity:** 600 mAh
- **Equivalencies:** CR2450, DL2450
- **Packaging:** blister pack containing 1 battery
- **Compatibility:** Iki, Canicalm, Canicom, EYENIMAL collars

A button cell battery designed to last

The **NUM'AXES CR2450 lithium battery** provides a stable **3-volt** output with a **600 mAh** capacity. Thanks to its lithium technology, it guarantees **extended battery life** and excellent reliability, even under frequent use.

Wide compatibility with NUM'AXES devices

This model is used in many **training or anti-barking** devices such as:

- **Collars:** Iki Sonic, Iki Voice, Canicalm Sonic, Bark Control Soft
- **Training collar:** Canicom Soft
- **Remote controls:** Canicom 5.201, 5.202

It is easy to install and ensures a safe power supply for **daily training** sessions or the continuous operation of an **anti-bark collar**.

CR2450 button format - 3V lithium

This format is known for its stability and ability to deliver consistent power over the long term. Ideal for low-power devices with extended use. Individual blister packaging ensures clean and safe storage.

FAQ

Which devices are compatible with the NUM'AXES CR2450 battery?

It is compatible with several anti-barking collars (Iki, Canicalm) and Canicom 5.201 / 5.202 remote controls.

Is it a rechargeable battery?

No, the CR2450 battery is a non-rechargeable lithium button cell battery.

What is its average lifespan?

Depending on the device used, the battery offers a lifespan ranging from several weeks to several months.
