- **Length:** 64 cm
- **Color:** Turquoise Blue
- **Compatibility:** Canicalm First
- **Mounting:** drilling adapted to the case
- **Material:** Soft and durable nylon

A strap dedicated to the Canicalm First

This strap was designed to replace the original one on the **Canicalm First** collar. It incorporates **specific perforations** allowing for quick and secure attachment of the electronic unit, without the need for any modifications.

Comfortable dimensions for the dog

With a **width of 20 mm** and a **length of 64 cm** , it easily adjusts to the shape of most dogs. Its **braided nylon** ensures a firm fit without hurting or irritating the animal's skin.

Bright color and easy to spot

Its **turquoise blue color** is not only aesthetic but also practical: it allows you to quickly spot the collar on a dog in motion or in tall grass.

Ready to use

The strap comes with a sturdy **plastic buckle** and **pre-cut mounting holes** for the electronic module. No additional tools or drilling are required for installation.

FAQ

Is this strap suitable for models other than Canicalm First?

No, it was designed specifically for the **Canicalm First** with holes adapted to this model. It is not compatible with other collars.

Is the buckle included with the strap?

Yes, the strap comes with a **plastic closure buckle** , ready to be installed on the collar.

How do I care for this strap?

It can be washed in lukewarm water and air dried. Avoid tumble drying or abrasive products to preserve the nylon.
