Canicom 5.201 Remote Training Remote

The **Canicom 5.201** remote control allows you to control a **Canicom 5** training collar with a range of up to **200 meters**. Ideal for remote training, it offers several action modes to adapt the intensity of the training to the dog's profile.

A gradual and controlled training process

Thanks to its multiple functions, the Canicom 5.201 allows:

- **Warning beep** for simple prevention
- **Vibration** in silent mode or for sensitive dogs
- **Adjustable electrostatic stimulation** with **10 levels**
- **Boost button** for urgent situations

This system promotes clear communication between the owner and their animal while respecting its reactions.

Ergonomics and reliability in the field

Weighing a mere 71g including the battery, the remote control fits perfectly in your hand. Splash-proof, it withstands intensive outdoor use. Its battery life is impressive, with **up to 50,000 activations** .

Compatible with the entire Canicom 5 range

The remote control is compatible with all **Canicom 5 receiver collars** , including the following versions:

- **Canicom 5 orange strap** - ref. PFDRESTI206
- **Canicom 5 fluorescent green strap** - ref. PFDRESTI218
- **Canicom 5 blue strap** - ref. PFDRESTI219
- **Canicom 5 dark green strap** - ref. PFDRESTI2

It comes **ready to use** with its battery, a wrist strap and a user guide.

FAQ

Can the Canicom 5.201 remote control be used with multiple collars?
