Replacement caps to protect the settings of the Canicalm collar.

The set of 2 Num'Axes caps allows you to replace the covers of the adjustment buttons on **Canicalm** collars.

- **Compatibility:** Canicalm collar
- **Quantity:** 2 caps
- **Material:** Black PVC
- **Function:** Protection of adjustment buttons

Essential protective plugs for your Canicalm collar

These black caps are designed specifically for **Canicalm anti-barking collars**. They clip onto the adjustment points of the housing to protect them from moisture, dust, and potential impacts.

Official Num'Axes spare parts

Made from **flexible and durable PVC**, these plugs ensure a reliable and discreet closure. They also help maintain the collar's performance by preventing foreign objects from entering the adjustment mechanism.

Quick and tool-free installation

Each cap can be manually attached to the adjustment shafts in seconds. This set contains **two identical pieces**, perfect for a complete replacement or for having a spare on hand.

FAQ

Are these plugs compatible with all Canicalm models?

Yes, they are designed for **Canicalm** range anti-barking collars (standard models only).

Can they be installed by oneself?

Yes, the installation is **tool-free** and only takes a few seconds.

What is their purpose?

They **protect the collar settings** from water, dirt and friction, thus preventing premature malfunctions.
