Replacement cover for Canibeep, Canicom 200 First and Canifly remote controls.

The **Num'Axes battery compartment** is compatible with **Canibeep Radio Pro** , **Canicom 200 First** and **Canifly First** remote controls.

- **Compatibility:** Canibeep Radio Pro, Canicom 200 First, Canifly First
- **Function:** secure closure and retention of the battery
- **Mounting:** screw included
- **Material:** engineering plastic
- **Installation:** quick replacement, no special tools required

A perfectly fitting battery cover

This battery **compartment cover and screw** assembly is designed to ensure proper closure of the battery compartment on the most common **Num'Axes** remote controls: **Canibeep Radio Pro** , **Canicom 200 First** , and **Canifly First** . It is an identical replacement for the original part.

Secure fixing with supplied screw

The **screw system** ensures the battery is securely held inside the remote control. The stainless steel screw is included for immediate installation without the need for additional parts. This is the ideal solution if the original cover is lost or worn.

Long-term reliability

Made from **plastic resistant** to moisture and repeated handling, this hatch extends the life of your equipment by ensuring **optimal sealing and stability** .

FAQ

Is this hatch universal for all Num'Axes remote controls?

No, it is **specifically compatible** with **Canibeep Radio Pro** , **Canicom 200 First** and **Canifly First** remote controls.

Is the screw included in the kit?

Yes, a **fixing screw is provided** to allow immediate installation of the hatch.

How can I tell if this hatch is the right one for my remote control?

You need to check that your remote control is indeed a **Canicom 200 First** , **Canibeep Radio Pro** , or **Canifly First** model. If so, this trap door is perfectly compatible.
