Replacement cover for Canicom 200 and Canicom Spray remote controls.

The **Num'Axes battery compartment** allows for easy replacement of the original cover of **Canicom 200** and **Canicom Spray** remote controls.

- **Compatibility:** Canicom 200, Canicom Spray
- **Function:** secure access to and retention of batteries
- **Fixing:** locking screw supplied
- **Material:** Sturdy plastic
- **Installation:** quick and without special tools

A battery cover compatible with two popular remote controls

The **Num'Axes battery compartment cover** is designed to fit **Canicom 200** and **Canicom Spray** remote controls perfectly. It replaces the original part and allows direct access to the battery for quick and safe replacement.

Easy installation with included screws

Replacement is easy: simply remove the old hatch, insert the new one, and secure it with the included **stainless steel screw** to ensure a watertight and stable seal. No technical skills are required.

Durability and reliability, signed Num'Axes

Made from **durable engineering plastic**, this battery compartment cover is resistant to repeated handling and ambient humidity. Its precise fit ensures good contact with the battery and **prevents intermittent connections** that could interfere with the remote control's operation.

FAQ

Is this cover compatible with the Canicom 200 First?

No, the **Canicom 200 First** uses a different trap. This model is only available for the **Canicom 200** and **Canicom Spray**.

How do I install this hatch?

Simply **insert the hatch** into the designated slot and **screw it securely** in place using the screw provided. No special tools are required.

Is this product a genuine Num'Axes part?

Yes, this is an **official Num'Axes accessory** designed to guarantee the compatibility and longevity of your remote controls.
