Waterproof replacement cover for Canibeep Pro and Radio Pro collars.

The **Num'Axes collar cover** is equipped with a seal to ensure the watertightness of the Canibeep Pro and **Canibeep Radio Pro collars** .

- **Compatibility:** Canibeep Pro, Canibeep Radio Pro
- **Sealing gasket:** integrated
- **Available colors:** yellow or blue
- **Function:** protection of the electronic compartment
- **Mounting:** directly onto the collar housing

Effectively replace the cover of your Canibeep collar

This **cover, equipped with a seal,** is designed to **ensure the watertightness of the casing** of your **Canibeep Pro** or **Canibeep Radio Pro** sound tracking collar. It protects the internal electronics from dust, moisture, and minor impacts.

An integrated seal for improved watertightness

The molded seal in the lid prevents water or mud from seeping in during field trips. This design ensures a **reliable and durable seal** , even in wet conditions or harsh natural environments.

Two colors to choose from

For added convenience or to differentiate between several collars in the field, this cover is available in two colors: **yellow** or **blue** . You can therefore choose the color according to your preferences or the number of dogs being tracked.

Quick installation without any special tools

It easily mounts onto the casing of your original Canibeep collar. Simply remove the old, worn, or damaged cover and attach the new one in its place. No special tools are required.

FAQ

Is this cover compatible with all Canibeep collars?

No, it is only compatible with the **Canibeep Pro** and **Canibeep Radio Pro** models.

Is the seal integrated or separate?

Yes, the **seal is integrated** directly into the lid to ensure optimal sealing.

Can the color be chosen when purchasing?

Yes, this product is available in **two distinct colors** : yellow or blue. The choice can be made at the time of ordering.
