The **Num'Axes plastic cover** is an original spare part intended for **Canicom training collars** .

- **Compatibility:** Canicom collars
- **Function:** replacement of the outer shell
- **Material:** Durable plastic
- **Mounting:** by screws (not supplied)
- **Use:** reconditioning or repairing the case

Replace the casing of your Canicom collar with an original part

This **collar cover** is an official spare part designed for **Canicom collar housings** . It allows you to restore worn or damaged equipment without having to replace the entire collar.

Sturdy materials and a perfect fit

Made from **high-strength plastic** , this cover provides reliable protection against impacts, splashes, and friction. It is molded to fit the Canicom collar perfectly, ensuring a **tight seal** and a secure fit on the strap.

Simple installation

The replacement is done by screwing (screws not included) in just a few minutes. Simply remove the original casing and install the new part by attaching it to the existing housing.

When should you replace your lid?

This component is recommended in case of **cracks, significant wear, loss of watertightness** , or impact damage affecting the integrity of the casing. It is an economical solution to **extend the lifespan of your equipment** .

FAQ

Is this cover compatible with all Canicom models?

It is designed for **standard Canicom training collars** . For Canicom 5 models, check compatibility before purchasing.

Are the screws included?

No, the mounting screws are not included. It is recommended to keep the original ones or use an equivalent set of stainless steel screws.

What is the purpose of this lid?

It protects the electronics of the collar and ensures its retention on the strap while guaranteeing **waterproofing, robustness and ergonomics** .
