NUM430	Complete CANIFLY FIRST set (telecom + 1 box)	Vente libre	Green	479.00 € incl. tax

Complete training kit with flight box and 200m remote control.

The **Canifly First Num'Axes set** includes a **remote-controlled flight box** and a **compact remote control** allowing you to remotely trigger up to 6 cages, over a range of 200 meters.

- **Remote triggering:** up to 200 m
- **Number of controllable boxes:** 1 to 6
- **Type of game:** pigeon or partridge
- **Side gate:** exclusive to Num'Axes
- **Control unit:** waterproof to immersion
- **Remote control battery life:** ~50,000 activations
- **Battery life:** ~250 flights
- **Weight:** remote control 40 g, box 2.38 kg
- **Power supply:** remote control: 1 CR2430 battery (included), box: 3 LR06 AA batteries (included)

Complete and realistic training

The **Canifly release box** allows you to launch a **bird (pigeon or partridge)** in a controlled manner to train a pointing dog or retriever to **remain steady on the flush** , or to retrieve from the English style. It can also be used with a ball to **motivate the jump** .

Triggering of up to 6 boxes at 200m

Compact and lightweight, the **Canifly First remote control** operates up to **6 release boxes** . Its **200-meter** range is ideal for standard terrain and progressive dog training.

Exclusive feature: side gate

A **small door on the side** of the box allows you to keep both hands free to safely handle the bird. This practical detail makes all the difference during field practice.

Reliability and autonomy in action

Waterproof and robust, the box provides **approximately 250 flights** with its 3 included AA batteries. The remote control, meanwhile, provides up to **50,000 activations** with a single CR2430 battery, also included.

FAQ
