Reliable virtual fence for dogs, up to 2000m secure perimeter.

The **NUM'AXES CANIFUGUE MIX FUG1033** is a wired anti-escape fence system for **dogs** , allowing you to secure a perimeter of up to 2000 linear meters thanks to an antenna wire connected to a transmitter box.

- **Animals concerned:** dogs
- **Maximum perimeter:** up to 2000 m of wire
- **Number of necklaces:** unlimited per case
- **Stimulation:** 8 adjustable levels
- **Security:** 3 integrated systems
- **Adjustable zones:** audible warning and stimulation
- **Waterproof collar:** suitable for immersion
- **Collar power supply:** 1 CR2 battery (included)
- **Power supply for the unit:** 220V mains
- **Weight (case + battery):** 57 g
- 6 months of autonomy

A long-range training system adapted for hunting

The **CANICOM 1500 PRO** was designed for demanding field conditions. Its **1500-meter** range in open terrain provides precise control, even at long distances. This collar is ideal for recall and behavior correction, especially for dogs active in the field.

Extended compatibility: Canibeep and Canifly

In addition to its training functions, the **CANICOM 1500 PRO** remote control can operate up to **2 Canibeep Radio beepers** and **4 Canifly release boxes** . This complete system perfectly meets the needs of hunters practicing woodcock or partridge hunting with pointing dogs.

- **Stimulation:** 18 adjustable levels
- **Signals:** beep + Booster button
- **Extensions:** beeper + launch box (sold separately)

Ergonomics and field autonomy

The rugged remote control is **splash-proof** and operates on **two AA batteries** , providing up to 50,000 activations. The collar itself weighs only 75g and offers a 7-month standby time thanks to its included **CR2 lithium** battery.

- **Remote control:** 132 x 62 x 31 mm - 130 g with batteries
- **Necklace:** 38 x 68 x 43 mm - 75 g with battery
- **Strap:** black, adjustable from 20 to 50 cm neck size

FAQ

Can this model be used with a Canibeep Radio beeper?

Yes, the CANICOM 1500 PRO remote control is compatible with up to 2 Canibeep Radio beepers (orange or yellow), to be added separately.

What is the effective range of the system?

Up to 1500 m in open field. Range may vary depending on vegetation, terrain and weather conditions.

What is the battery life of the collar?

The collar has a battery life of approximately 7 months in standby mode, or 2 months under heavy use. It operates on one included CR2 lithium battery.
