NUM155	NUM'AXES anti-bark collar CANICALM First	Vente libre	Blue	63.00 € incl. tax

An automatic and progressive solution against excessive barking.

The **NUM'AXES CANICALM First** is a 100% automatic, no-adjustment anti-barking collar designed to gently correct your dog's excessive barking.

- **Action type:** audible beep + progressive stimulation
- **Triggering method:** bark detected
- **Progression:** increasing stimulation if barking is repeated
- **Waterproofing:** against runoff
- **Battery life:** up to 3 months
- **Weight:** 65 g (with battery)
- **Power supply:** 1 CR2 3V battery (included)
- **Adjustable strap:** from 17 to 55 cm

Fully automatic operation

The **CANICALM First** is designed to provide a graduated response to barking: at the first bark, a simple **beep** is emitted. If the barking continues for 30 seconds, a low-intensity **electrostatic stimulation** is added to the beep. The system gradually increases the duration and intensity of the stimulations if the dog continues to bark, then resets after 30 seconds of silence.

Waterproof, lightweight and comfortable collar

The case is **water-resistant** and suitable for everyday outdoor use. Weighing only 65g, it remains comfortable even for small to medium-sized dogs. The sturdy, adjustable **blue nylon strap** fits all neck sizes from 17 to 55cm.

- **Case dimensions:** 55 x 40 x 36 mm
- **Strap:** length 64 cm - width 20 mm

Package contents

1 **Canicalm First** collar with short electrodes, 1 blue nylon strap, 1 CR2 battery, 1 set of 2 long electrodes (recommended for long-haired dogs), 1 neon test lamp, 1 user guide.

FAQ

Does the collar work from the first bark?

Yes, the first bark triggers an audible warning. If the dog continues, stimulation is delivered progressively.

Do I need to make any manual adjustments?

No, the Canicalm First is fully automatic. It adjusts the intensity itself according to the barking detected.

Is this model suitable for long-haired dogs?

Yes, the collar comes with a set of long electrodes suitable for long-haired dogs.
