NUMP0157	Batterie télécommande (pack de 2) pour GPS	Vente libre	3.7	Rechargeable	19.00 € incl. tax

**The essential pack to keep your remote control always operational.**

This **pack of 2 rechargeable batteries** is compatible with **CANICOM GPS, CANICOM GPS 2, and CANICOM GPS MINI** remote controls. Easily replace your original batteries and ensure you always have optimal battery life for your outings with your dog.

- **Compatibility:** CANICOM GPS, GPS 2, GPS MINI
- **Technology:** rechargeable lithium-ion
- **Capacity:** 3.7V - 2200mAh
- **Battery life:** approximately 25 hours
- **Packaging:** 2 batteries per pack
- **Installation:** simple and quick

**A quick replacement without any special tools**

Designed for quick and easy assembly, this **flexible and robust** antenna easily reattaches to the GPS collar. It ensures **continuous satellite reception**, essential for tracking and location functions.

**Identical to the original antenna**

This is an **official NUM'AXES product**, perfectly suited to your collar. No loss of quality or compatibility: this antenna meets the reception requirements of the Canicom GPS system.

**For which situations?**

A damaged antenna can lead to reduced accuracy or signal loss. This model allows you to **refurbish your equipment** without having to replace the entire collar, at a reduced cost.

**FAQ****Is this antenna compatible with all Canicom collars?**

No, it is only compatible with **Canicom GPS** models. It is not suitable for standard training collars.

### **Does the installation require a special tool?**

No, replacing the antenna is simple and requires no special tools. Just make sure to clip or screw it in securely, depending on the type of clamp.

### **Is the antenna identical to the original one?**

Yes, this is the **original NUM'AXES model** , strictly equivalent to the one supplied with the Canicom GPS collar.
