Stable and reliable 5V USB power supply for your NUM'AXES electronic equipment.

The **NUM'AXES power supply** ensures reliable charging for your compatible electronic devices. Compact and robust, it provides a constant power supply for your GPS devices, necklaces, or accessories.

- **Input:** 100-240 V, 50-60 Hz, 0.3 A
- **Output:** 5V - 2A
- **Connectivity:** USB port
- **Compatibility:** Necklaces, remote controls, electronic accessories
- **Format:** Compact and lightweight

A reliable everyday power supply

When using electronic equipment in the field, such as a **GPS dog collar** or a **training remote** , it is essential to be able to recharge it quickly and safely. The **NUM'AXES power pack** provides exactly that.

Power and universal compatibility

With a **wide input voltage (100-240V)** and a **5V - 2A output** , this charger easily adapts to electrical outlets in different countries. It provides a stable current, suitable for most modern digital devices, ensuring **fast charging** without damaging sensitive circuits.

Compact and durable: the perfect companion for your accessories

Designed for frequent use, this USB charger combines **durability** and **portability** . Its lightweight design makes it easy to carry in a field bag or equipment kit. Ideal for use with your **NUM'AXES tracking or training accessories** .

FAQ

Is this power supply compatible with all NUM'AXES USB cables?

Yes, it is designed to work with all 5V-2A USB cables used by NUM'AXES products.

Can it be used in another country?

Yes, its 100-240V input makes it compatible with international electrical standards (plug adapter required).

Is that enough to power a GPS collar?

Yes, the 5V - 2A output is perfectly suited to the brand's GPS collars and remote controls.
