Hygienic drying that respects the materials

After a day of skiing, hunting, or hiking in the rain, nothing is worse than damp shoes that retain odors and become a breeding ground for bacteria. The **Lenz Space Dryer 3.0** provides deep drying thanks to a gentle, **diffused flow of warm air** that protects textiles and technical fabrics.

Integrated timer for controlled use

With the touch of a button, you can choose from three drying times (1, 3, or 6 hours), or activate **continuous mode** if needed. The **automatic timer** makes it easy and safe to use, even if you forget.

Compact, efficient, quiet

Thanks to its U-shaped design with **two nozzles** , the Space Dryer easily fits into ski boots, gloves, or work shoes. It dries quietly and without excessive energy consumption (**65W**), perfect for everyday use in mountain huts, at home, or on the go.

For all environments

Whether for **skiing** , **outdoor activities** , **hunting** in wet conditions, or simply winter in the city, this boot dryer **extends the life** of your equipment by preventing moisture buildup. A small investment for a lot of comfort.
