CNC AR type charging handle for MP-IX, more ergonomic and smooth.

The **MARUYAMA CNC aluminum charging handle** replaces the original grip on your MP-IX GBB for faster and more natural handling.

- **Compatibility:** Maruyama MP-IX GBB
- **Design:** Flared Hook style AR/M4
- **Material:** CNC machined aluminum
- **Installation:** Simple, direct replacement
- **Finish:** Anodized black

Ergonomic improvements to the MP-IX GBB

This **CNC-machined charging handle** by **Maruyama** is designed to replace the original grip of the **MP-IX GBB** . With its **flared hook design** inspired by AR/M4 models, it allows for a smoother and more intuitive action, without having to pinch the original grip.

CNC machining: strength, precision, lightness

Machined entirely from **CNC aluminum** , this charging handle is both **wear-resistant** and **ultra-lightweight** . It maintains a discreet and professional matte black finish, perfectly integrated into the silhouette of the MP-IX.

Direct installation, immediate performance

Easy to install, it directly replaces the original part without modification. The **enlarged lever** allows you to load the replica with a simple movement of your finger or palm, even with gloves, thus improving ergonomics in dynamic situations.

- **Weight:** Reduced for optimal responsiveness
- **Installation:** Direct replacement, no modifications required
- **Use:** Faster and more comfortable handling

FAQ

Is this lever compatible with models other than the MP-IX GBB?

No, it was specifically designed for the **Maruyama MP-IX GBB replica** .

Does it improve reload speed?

Yes, the **wider design** allows for **smoother and faster arming** , even with one hand.

Do we need to modify the replica to install it?

No, this lever **mounts directly in place of the original part** .
