17-piece tactical tool kit with grenade handle and GBB valve heads.

The **GUN POWER TOOL 17 pc Grenade Tool Set** is a complete maintenance kit for GBB airsoft replicas, combining an ergonomic MKII grenade-style handle and extensive compatibility with valves from major brands on the market.

The best thing about this kit is the bits that allow you to remove different types of valves.

- Ergonomic **grip design:** MKII grenade
- **Handle material:** anodized **6061-T6 aluminum**
- **Valve tools:** 1144 carbon steel, hardened to 47 HRC
- **System: One-Touch Quick Change**
- **Standard bits:** 6.35 mm (x10)
- **Compatibility:** WE, VFC, MARUI, GHK, KSC, WA...
- **Rigid box:** with secure closure

A maintenance tool designed for GBB replicas

The **17-piece Gun Power Tool** set provides everything you need for the maintenance or repair of your gas-powered airsoft replicas. Each tool is neatly organized in a **rigid case** with a secure lock for safe transport.

Grenade grip MKII : robust and firm grip

Inspired by iconic tactical design, the handle features a non-slip texture and an anodized **6061-T6 aluminum** body. Solid and ergonomic, it ensures confident precision work.

Quick valve head replacement

The **One-Touch** system allows you to switch between heads in the blink of an eye, without any additional tools. Ideal for technicians or players using multiple GBB brands.

- **GPT-G-01S:** WE, MARUI, KSC, WA

- **GPT-G-01L:** VFC, Viper, GMP...
- **GPT-G-03:** WE, VFC, KSC
- **GPT-G-04:** Viper, EB, GHK (large valve)
- **GPT-G-05:** sight tool (VFC, WE, real firearms)
- **GPT-G-06:** WA

Materials technology and durability

The internal components are made of **1144 carbon steel** , hardened to 47 HRC for increased wear resistance. The surface coating is free of solvents and heavy metals, providing a durable and environmentally friendly textured finish.

FAQ

Is the kit compatible with the valves of WE and VFC replicas?

Yes, several heads are included to cover WE, VFC, MARUI, KSC, GHK, WA, and other valves.

Are the bits usable on standard tools?

Yes, the 10 bits are in the standard 6.35 mm format, compatible with appropriate screwdrivers or screwdrivers.

How is the handle attached to the valve heads?

Thanks to the One-Touch system, the heads can be changed quickly by securely snapping them into place, without tools.
