Telescopic cleaning rod made of anodized aluminum, adjustable up to 765 mm.

The **GUN POWER TOOL Telescopic Aluminum Cleaning Rod** is an **anodized aluminum** cleaning rod designed for the precise maintenance of airsoft replica barrels. Its adjustable 4-section design makes it compatible with most internal barrel lengths.

- **Material:** Anodized alloy aluminum
- **Minimum length:** 265 mm
- **Maximum length:** 765 mm
- **Intermediate settings:** 420 mm / 590 mm
- **Sections:** 4 interlocking parts
- **Origin:** Made **in Taiwan**

A cleaning rod designed for precision

This **telescopic rod** accommodates a wide variety of inner barrel lengths. Whether you're working on a compact replica or a long rifle, the **four interlocking segments** allow for precise adjustments without forcing or losing control.

Anodized aluminum : strength and lightness

The **treated aluminum** structure ensures excellent resistance to wear and cleaning solvents. The anodized finish gives it a **smooth, tactical appearance** , while guaranteeing significantly greater longevity than conventional plastic rods.

Easy and efficient to use

The rod is designed for use with a tightly wrapped cloth. Simply apply **gentle, continuous pressure** while pushing along the axis of the barrel. No back-and-forth motion is required, which minimizes the risk of damaging the internal seals.

FAQ

Up to what barrel length is this rod suitable?

The stem extends up to 765 mm, covering almost all internal barrel lengths on the airsoft market.

Is it compatible with precision cannons?

Yes, its fineness and smooth finish make it perfectly suited for cleaning 6.01 or 6.03 mm barrels.

Can it be used with cleaning products?

Yes, anodized aluminum is resistant to common solvents used for cleaning replicas.
