Designed for fast-paced airsoft action

The **AceHive 2** is ideal for players who want to hit hard and fast. Its **shower** design allows it to release up to 120 BBs with a single press, simulating a short-range fragmentation blast. Perfect for CQB or outdoor ambushes.

Express reloading with the Spawner

No more spending ages reloading each BB: using the **AceHive Spawner** (sold separately), you can fill a grenade in less than a second. A considerable time saving between each action.

- **Reloading system:** Compatible with AceHive Spawner
- **BB filling:** Automatic by pressing
- **Recommended gas:** Standard Green Gas

Visible and robust structure

With its transparent or black-tinted **polymer** casing, the AceHive 2 lets you instantly see the remaining BB charge. A valuable aid during gameplay, without having to open or disassemble

anything.

- **Material:** High-strength injected polymer
- **Visual inspection:** Translucent body
- **To use:** Press the top button

Compatibility and implementation

This 40mm grenade fits into any **standard 40mm grenade launcher** . It is triggered by conventional percussion. Its compact profile makes it ideal for lightweight tactical setups or MOLLE grenade pouches.

- **Format:** Standard 40 mm
- **Triggering:** Percussion (internal gas)
- **Dimensions:** Compact and lightweight

FAQ
