Lightweight and compact hearing protection for shooting and noisy work.

The **NUMAXES CAS1500** is a passive noise-canceling headset designed to effectively reduce noise during shooting, workshop or outdoor maintenance activities, while remaining comfortable and discreet.

- **Noise reduction ratio (SNR):** 28 dB
- **Shells:** thinned to facilitate shouldering
- **Bearings:** replaceable
- **Structure:** foldable and compact
- **Headband:** adjustable and comfortable

Effective everyday protection

Whether on a firing range, during maintenance work, or for occasional use in noisy environments, these passive noise-canceling headphones provide reliable sound attenuation. With a signal-to-noise ratio **(SNR) of 28 dB** , they effectively reduce harmful sounds while remaining simple to use, requiring no electronics or power supply.

Designed for shooting and technical uses

The **slimmer shells** are designed to avoid hindering shoulder movement, a detail immediately appreciated when shooting. The helmet stays securely in place, even during repeated movements, and allows for a natural posture.

Comfort and practicality over time

Weighing only **222g** , the headphones remain comfortable to wear, even during extended sessions. The **adjustable headband** easily adapts to different head shapes, while the **replaceable ear pads** extend the lifespan of the headphones and simplify maintenance.

Foldable design and easy transport

Its **foldable and compact** design allows it to be easily slipped into a shooting bag or toolbox. A real plus for professionals and individuals alike who are looking for space-saving equipment that's always ready to use.

FAQ

Is this helmet suitable for sport shooting?

Yes, its thinner shells facilitate shouldering and its SNR attenuation of 28 dB is perfectly suited for use on a shooting range.

Does the headset run on batteries?

No, it's a passive noise-canceling headset, without electronics or power supply.

Can the bearings be replaced?

Yes, the ear pads are replaceable, which makes maintenance easier and extends the life of the headset.
