### Compact and realistic MWS magazine for tactical GBBR management.

The **VORSK Airsoft VMAR Series MWS 25R** is an airsoft gas magazine designed for MWS platforms, offering realistic capacity, excellent gas efficiency and an accessible design for demanding GBBR setups.

- **Type:** Gas charger
- **Capacity:** 25 marbles
- **Compatibility:** Compatible with MWS replicas
- **Outer material:** HIPS polymer
- **Internal structure:** Steel
- **Weight:** 447 g
- **Colors:** Black, Tan, Gray

#### A realistic format for the MWS game

With its **25-round capacity**, this magazine is perfectly suited to realistic **MWS gas blowback** gameplay. It promotes tactical reload management and a more immersive gaming experience, true to the GBBR spirit.

#### Gas efficiency and streamlined design

The simplified internal design minimizes energy loss and improves gas flow. In practice, this allows for **approximately 65 shots per fill** under standard conditions, while maintaining a smooth and consistent cycle.

#### Steel structure and polymer envelope

The **VMAR Series 25R** features an **all-steel internal structure**, ensuring realistic weight and authentic handling. The **HIPS polymer** outer shell provides robustness and durability while maintaining a manageable overall weight.

### **Valve compatibility and easy maintenance**

This loader uses a **VORSK inlet valve** common to the **VMP** and **Hi-Capa** series, combined with a **VORSK VMP outlet valve**. This consistent solution simplifies maintenance, parts availability, and fleet management.

### **An affordable option for equipping yourself with GBBRs**

Thanks to its competitive pricing and reliability-oriented design, the **VMAR 25R** makes it easy to build a complete set of MWS magazines. It provides lasting support for players looking to engage in realistic and fluid GBBR gameplay.

## **FAQ**

### **Is this charger compatible with all MWS replicas?**

Yes, it is compatible with gas blowback airsoft replicas using the MWS standard.

### **How long does a gas refill provide?**

Under standard conditions, one fill allows approximately 65 BBs to be fired.

### **What colors are available for this model?**

This charger is available in three colours: Black, TAN and Grey.
