A modern and scalable VX7 platform

Part of the new VX7 series, this model boasts a streamlined and efficient design. The **aggressively serrated** slide ensures secure handling, even with gloves or in dynamic conditions. The blowback cycle is smooth, fast... and exceptionally pleasant to use.

Polymer casing and optimized ergonomics

The innovative polymer frame reduces overall weight while maintaining good rigidity. The **textured, stippled grip**, combined with a pronounced groove at the bridge, promotes a high and consistent hold. In practice, control remains excellent, even during rapid combos.

Practical equipment

The threaded outer barrel allows for the addition of a compensator or dummy suppressor, depending on the desired configuration. The integrated lower rail allows for the mounting of accessories such as a light or laser, enhancing the pistol's versatility.
