A Deadpool edition that won't go unnoticed.

It's impossible to remain indifferent to this Deadpool version. The red and black contrast, the graphic markings, and the bold finish immediately set the tone. It's exactly the kind of model that catches the eye on a shooting range... while remaining perfectly functional.

VX7 platform: lightweight and responsive

Based on the VX7 series, this pistol features an innovative polymer frame that reduces weight without compromising rigidity. The blowback is crisp and smooth, with a light but noticeable recoil, ideal for rapid-fire sequences and dynamic recreational shooting.

Ergonomics and control in situ

The **textured, stippled grip**, combined with a pronounced groove at the trigger guard, promotes a high and firm hold. The **aggressively serrated** slide ensures secure handling, even while moving or with wet hands.

Compensator and equipment included

This model comes with an **AW-K04102 compensator** that mounts on the threaded outer barrel. The integrated lower rail allows for the addition of accessories such as a light or laser, enhancing the overall versatility.
