- **Socket:** Transparent plastic
- **Packaging:** Box of 10 cartridges

- **Caliber:** 12
- **Socket length:** 70 mm
- **Load:** 32 grams
- **Base:** Brass 20 mm

Exact Projectile: Aerodynamics and Precision

The **Exact** bullet is distinguished by its profiled head and **spiral grooves** , improving stability in flight. These features promote a consistent trajectory and remarkable accuracy for smoothbore shotguns, particularly when hunting **big game** during driven hunts.

Stabilizing wad and choke compatibility

The orientation grooves located at the front and rear of the projectile facilitate passage through the barrel and various **chokes** . The **stabilizing plastic wad** helps maintain a consistent trajectory, optimizing muzzle performance.

Power and stopping power

With a 32-gram charge and a muzzle velocity of 415 m/s, this cartridge delivers significant energy on impact. It is particularly well-suited to situations requiring **high stopping power** , especially in driven boar hunts.

Usage and compatibility

This **12/70** cartridge must be used in shotguns with a chamber of at least 70 mm. It is suitable for hunters looking for reliable, accurate and high-performance ammunition, whether driven hunts or hunting from a blind.

FAQ

Is this cartridge compatible with all 12 gauge shotguns?

It is compatible with shotguns chambered for 70mm or larger. You should check the chambering indicated on your firearm before use.

What type of hunting is the Rottweil Exact bullet suitable for?

It is particularly suited to driven big game hunting, especially wild boar, thanks to its high stopping power and accuracy.

What is the packaging of this product?

This product is offered in a box of 10 cartridges, 12/70 gauge, loaded with 32 grams.
