Robustness and visibility for your electronic collars.

The **NUM'AXES 25mm Polyurethane Strap** is designed for use with **CANICOM** and **CANIFUGUE** electronic collars. Resistant, flexible, and easy to maintain, it provides reliable support for everyday use.

- **Material:** Polyurethane
- **Width:** 25 mm
- **Color:** Yellow, blue, or black
- **Compatibility:** CANICOM, CANICOM R, CANIFUGUE FUG1034
- **Closure:** Adjustable metal buckle

Polyurethane: resistance and ease of maintenance

Unlike traditional textiles, **polyurethane** offers excellent resistance to moisture, mud, and abrasion. A simple wash with water is all it takes to restore its original appearance. Ideal for active dogs who spend time outdoors.

25 mm wide for optimal support

With its **25 mm** width, the strap ensures a secure fit for the electronic device while distributing pressure evenly around the dog's neck. It is suitable for regular use, both during training and everyday life.

CANICOM and CANIFUGUE compatibility

This strap is compatible with the **CANICOM**, **CANICOM R** and **CANIFUGUE FUG1034** models. It allows you to replace a worn strap or equip a second collar with a robust and perfectly adapted solution.

Increased visibility

Its **yellow** or **blue** tint offers excellent visibility, a valuable asset during outdoor activities or in dense natural environments. The black version, more discreet, provides a neutral touch.

FAQ

Is this strap compatible with all NUM'AXES collars?

It is compatible with the CANICOM, CANICOM R and CANIFUGUE FUG1034 models. For other models, please check the required width.

Is polyurethane water-resistant?

Yes, polyurethane is waterproof and easy to clean, making it particularly suitable for wet or muddy environments.

Can the strap size be adjusted?

Yes, the metal buckle allows for precise adjustment to adapt the strap to the dog's neck circumference.
