EN2834	STILL CRIN Cleaning wand Ø5 mm 98US/P	Vente libre	F#8 - 32 UNC	28	5	29.00 € incl. tax

One-piece Ø5 mm rod with bearing-mounted handle for precise cleaning of guns.

The **STILL CRIN Baguette Ø 5 mm art. 98US/P** is a **one-piece blue varnished cleaning rod** , specially designed for the maintenance of **guns** , equipped with a **ball bearing handle** and a **1/8 - 8/32 adapter** .

- **Diameter:** Ø 5 mm
- **Handle length:** 10 cm
- **Notebook thickness:** 1.2 cm
- **Usable length:** 16.8 cm
- **Type:** 1 piece (one-piece)
- **Finish:** Blue lacquered upper
- **Handle:** On ball bearings
- **Thread:** 8/32 UNC female with 1/8" male adapter

Specific format for pistol

With its **5 mm diameter** , this cleaning rod is suitable for maintaining **handguns** compatible with this size. Its **one-piece** construction ensures excellent rigidity and minimizes flexing during passage through the barrel.

Handle with integrated ball bearings

The **knurled aluminum handle** incorporates **ball bearings,** allowing the rod to rotate freely. During cleaning, the rod naturally follows the **rifling of** the barrel, improving the effectiveness of the cleaning rods and reducing mechanical stress.

Wide accessory compatibility

Thanks to its **1/8" thread** and the included **8/32" adapter** , this rod accepts many standard accessories: brass and nylon swabs, bronze phosphor brushes, or patch holders. It integrates easily into an existing cleaning kit.

Protective varnish finish

The blue varnished rod protects against oxidation and helps protect the barrel during maintenance. It's a suitable choice for regular and thorough cleaning, both at the shooting range and in the workshop.

FAQ

Is this wand suitable for all pistols?

It is suitable for pistols compatible with a 5mm diameter cleaning rod. It is necessary to check the caliber and barrel dimensions before use.

Does the handle rotate during cleaning?

Yes, the handle is mounted on ball bearings, allowing the rod to pivot freely to follow the rifling of the barrel.

What accessories can be mounted on it?

With its 1/8 thread and included 8/32 adapter, it is compatible with the majority of standard swabs and patch holders on the market.
