Box contents.

- Two interchangeable grip backs, S and L
- Two 15-round magazines
- User manual
- Witness to an empty room
- FN Herstal badge
- Enlarged rear slide plate
- ABS case
- MRD mounting kit

Ready-to-use MRD system

The **MRD** version features a machined interface that allows for the installation of a standard **mini red dot sight** using the included mounting kit. Target acquisition becomes faster and more

intuitive. In practice, this promotes smooth aiming and natural alignment, especially during dynamic shooting sessions.

Optimized ergonomics and control

The textured **polymer frame** ensures excellent grip, while the interchangeable backstraps (S, M (pre-installed), L) allow for a precise fit to the shooter's hand. The low barrel axis minimizes muzzle rise, improving comfort and shot tracking.

Fully ambidextrous controls

The slide stop and magazine release button are accessible from both sides without compromise. The 15-round polymer magazine features side capacity indicators. Magazine changes are performed without altering the grip, ensuring continuity and consistency.

FDE finish and robust design

The **FDE (Flat Dark Earth)** finish provides a contemporary aesthetic while maintaining **FN Herstal's** high quality standards. The slide with front and rear grip grooves facilitates handling. Disassembly is performed without pulling the trigger, enhancing safety during maintenance.

Included equipment

The pistol comes with two 15-round magazines, two additional backstraps (S and L), MRD mounting kit, ABS case, empty chamber indicator, user manual and original accessories.

FAQ
