- **Loading:** Through the breech (Breech loading)
- **Finish:** Cerakote Copper effect
- **Handguard:** Polymer with M-LOK type interfaces
- Delivered without accessories

An iconic caliber: .45-70 Government

Chambered in **.45-70 Government**, this version retains the powerful and traditional character of this historic caliber. Combined with the **lever-action** mechanism, it offers a distinctive shooting experience, appreciated by enthusiasts of large calibers and authentic target shooting sensations.

17-inch compact Canon

The **17" barrel** gives the weapon a unique balance: visually compact, yet stable at the shoulder. The six grooves with a 1:18" (460 mm) twist rate ensure stability suitable for .45-70 projectiles. The overall length of 900 mm enhances maneuverability at the range.

Steampunk design and Cerakote Copper finish

The receiver and metal components feature a **Cerakote Copper** finish, offering both protection and a distinctive aesthetic. Genuine leather inserts on the stock and handguard evoke the model's Victorian inspiration, creating a striking contrast with the modern elements.

M-LOK handguard and robust steel

The polymer handguard incorporates **M-LOK** compatible interfaces, allowing for the mounting of suitable accessories. The steel frame ensures strength and durability, in keeping with **Pedersoli's** high quality standards.

FAQ

What type of mechanism is it?

This is a lever-action mechanism based on the historical 1886/71 model.

Does the handguard allow for the addition of accessories?

Yes, it incorporates M-LOK compatible interfaces for mounting suitable accessories.

What is the regulatory category in France?

Classified in Category C, the Pedersoli 86/71 Boarbuster Apocalypse .45-70 Govt rifle is accessible with a shooting license or a hunting permit with current validation.
