Complete day & night hunting solution, ready to use.

The **MOSSBERG Patriot 30-06 NV009 Pack** combines a high-performance **bolt-action rifle** , a **4-12x50 scope** , a **night vision monocular** and a **sound moderator** for a complete setup dedicated to **big game hunting** .

- **Rifle:** Mossberg Patriot Synthetic
- **Caliber:** .30-06 Springfield
- **Barrel:** Fluted, threaded M14x1
- **Magazine:** Removable 5+1 rounds
- **Trigger pull:** Adjustable 2 to 7 lbs
- **Rifle weight:** 2.9 kg
- **Scope:** 4-12x50 - 30mm tube - 7mm reticle
- **Rail:** 21mm Weaver / Picatinny (high)
- **Moderator:** STALON X108 M14x1 - 30 dB reduction
- **Night vision:** PARD NV009 - IR 940 nm - range 200 m

A reliable base for big game hunting

At the heart of this package is the **Mossberg Patriot Synthetic** in **.30-06 Springfield** . Its **free-floating fluted barrel** improves heat dissipation and contributes to consistent shot patterns. Threaded **M14x1** , it directly accepts the included STALON X108 suppressor. The spiral bolt ensures smooth, rapid, almost instinctive reloading - a true comfort whether driven or hunting from a blind.

Versatile 4-12x50 optics

The **4-12x50** scope offers excellent brightness thanks to its 50mm objective lens and multi-coated lenses. Its **passive reticle 7** is ideal for twilight hunting. The 30mm tube ensures robustness and a comfortable adjustment range. Mounted on a **21mm Weaver/Picatinny** rail, it provides a cohesive and ready-to-use system.

STALON X108 Noise Reduction

The **STALON X108** (M14x1) offers a noise reduction of approximately **30 dB** . Its slim profile (49 mm diameter) maintains a harmonious design and reduces the weight at the muzzle (334 g). In

practice, this translates to improved acoustic comfort and recoil control, a significant advantage during extended shooting sessions.

Night observation and shooting with PARD NV009

The **PARD NV009** combines a 1920x1080 CMOS sensor, a 1024x768 OLED screen, and a 940 nm IR illuminator. Its infrared range reaches **200 meters** with three intensity levels. The 4.7x optical zoom, complemented by a progressive digital zoom, allows for precise game identification. Advanced features: 1080p video recording, Wi-Fi, PardVision app, PIP, electronic compass. Battery life reaches up to 8 hours with a rechargeable 18650 battery. **IP67** certified for reliable use in all weather conditions.

- **Sensor:** CMOS 1920x1080
- **Optical zoom:** 4.7x
- **IR:** 940 nm - 3 levels
- **Storage:** Micro SD up to 128 GB
- **Battery life:** 8 hours max
- **Protection rating:** IP67

A coherent and operational set

This pack is designed for hunters seeking a complete, integrated, and immediately functional solution for **big game hunting**, day and night (in compliance with current regulations). Each component has been selected for its technical compatibility and field reliability.

FAQ

What are the purchase conditions?

The .30-06 caliber rifle is classified in category C. Its acquisition requires a valid hunting permit or a valid shooting license, in accordance with French regulations.

Is the moderator directly compatible?

Yes, the barrel is threaded in M14x1, compatible with the STALON X108 supplied in the pack.

Can the PARD NV009 record the sequences?

Yes, it allows 1080p video recording and photo taking, with storage on a Micro SD card up to 128 GB.
