Controlled speed and consistent shot pattern in 16 gauge.

The **Winchester Super Speed Gen 3 16/70 32g** is a **hunting** cartridge designed to offer optimized combustion, high velocity, and excellent shooting comfort. Available in several **shot sizes** , it guarantees consistent patterns and reliable performance.

A high-performance powder

The **Super Speed Gen 3** incorporates a **specific powder** developed for optimal combustion. In practical terms, this translates to a **high muzzle velocity** while maintaining **controlled pressure** . Firing remains smooth and comfortable, even during repeated shots.

32g load: balance and versatility

Weighing **32 grams** , this **16/70 gauge** cartridge offers an excellent balance between shot pattern density and smooth firing. It is perfectly suited to hunters who appreciate the 16 gauge for its handling and effectiveness in open fields or semi-open terrain.

Skirt and base padding 16 mm

The **wad skirt** promotes shot pattern concentration and limits premature shot dispersion, thus optimizing consistency at medium range. The **16mm base** ensures good mechanical resistance and reliable extraction, even under demanding conditions.

Several lead numbers available

Available in **shot sizes #2, 4, 5, and 6** , this version allows you to adapt your choice depending on the game you're hunting and the shooting distances. Larger shot sizes prioritize impact energy, while smaller shot sizes favor a denser pattern and versatility.
