Semi-auto 12/76 optical-ready, designed for tactical use.

The **Mossberg 940 Pro Tactical SPX** is a **12-gauge semi-automatic shotgun** with a 3" chamber, designed for professional applications and **dynamic sport shooting** . Featuring an optimized gas-operated system and an optic-ready configuration, it combines reliability, ergonomics, and modularity.

- **Caliber:** 12 Gauge
- **Chambering:** 3" (76 mm)
- **Barrel length:** 18.5" (47 cm)
- **Capacity:** 7+1 shots
- **System:** Semi-automatic gas-operated
- **Chokes:** Accu-Choke - Cylinder Bore installed
- **Sights:** Metal Ghost Ring + fiber optic front sight
- **Optic Ready:** RMSc impression + RMR, Docter, and Leupold plates included
- **Stock:** Black synthetic, adjustable LOP 12.5" to 14.25" (31.8 to 36.2 cm)
- **Weight:** 3.29 kg (7.25 lbs)
- **Total length:** 37" (94 cm)

Platform 940: Reliability and optimized cycle

The **940 Pro Tactical SPX** features an improved **gas-operated system** , ensuring a fast and consistent cycle. Internal components benefit from anti-corrosion treatments, including a **nickel-boron** coating on key parts (piston, magazine tube, hammer, trigger), promoting durability and smooth operation.

Advanced Optic-Ready Configuration

The receiver is **drilled and tapped** and is **RMSc** compatible for direct mounting after removal of the Ghost Ring plate. Three additional adapter plates allow the installation of optics with **RMR** , **Docter** , and **Leupold** mounts. The Ghost Ring metal components incorporate a **fiber optic** front sight protected by lower fins.

Next generation handguard

The handguard incorporates a **heat shield** and features **three M-LOK interfaces** (positions 3, 6, and 9 o'clock) as well as **QD** strap ports. Ergonomics are enhanced by Mossberg's signature anti-

slip texture.

Ergonomics and personalization

The black synthetic stock offers **stepless length adjustment** (12.5" to 14.25") via a spacer system. The safety and charging handle are **oversized** for easier operation. The enlarged loading port and extended follower minimize pinching.

Vang Comp Cartridge Holder System

Supplied as standard with a **6-shot Vang Comp Systems cartridge holder** with removable hook and loop fastener, optimizing ammunition management.

Regulatory framework

This semi-automatic rifle falls under the regulations applicable to **category B weapons** . Its acquisition is subject to valid prefectural authorization and must be carried out in a specialized gun shop in accordance with current legislation.
