Extendable protection for rifles with scopes, ideal for secure transport and storage.

- **Compatibility:** Rifles and carbines with or without a scope
- **Length:** 132 cm (52 inches) - **Closure:** Drawstring
- **Use:** Transport and storage in a safe or strongbox

The **Spika Rifle Scope Sock 132 cm** effectively protects rifles and carbines, with or without scope, against scratches, dust and moisture during transport or storage.

- **Type:** Protective sock for long gun
- **Material:** Silicone-treated stretch knit fabric
- **Durability:** Protection against scratches, light impacts and dust
- **Treatment: Moisture-resistant** fabric

Effective textile protection for rifles and shotguns

During transport or storage, a firearm can easily be **scratched** , accumulate **dust** , or be exposed to **moisture** . The **Spika 132cm Rifle Scope Sock** offers a simple and effective solution to protect your equipment. Its stretch fabric gently wraps around the firearm and acts as a protective barrier against everyday wear and tear.

Compatible with weapons equipped with a scope

Thanks to its **132 cm (52 inch)** length, this scope cover is perfectly suited for **rifles** and **shotguns with optics** . It covers the entire firearm, from the stock to the muzzle, even when equipped with a **scope** . Its stretch fabric naturally adapts to different configurations.

Breathable fabric treated with silicone

The knitted mesh used by **SPIKA** is flexible and durable. It benefits from a **silicone treatment** that helps limit the effects of humidity and prevent **corrosion** . Its breathable structure promotes air circulation, thus reducing the risk of condensation when stored in **a safe** or **vault** .

Secure hold with drawstring

An integrated **drawstring** keeps the sock securely in place around the firearm. This simple system prevents the sock from slipping during transport, whether to the shooting range or for a hunting trip.

- **Fabric:** High-strength stretch mesh
- **Treatment:** Anti-corrosion silicone

- **Breathability:** Limits moisture buildup
- **Design: SPIKA** logo with deer motif
- **Use:** Protection during transport and storage

FAQ

Is this sock compatible with a rifle equipped with a scope?

Yes. Its length of 132 cm and its stretch fabric allow it to accommodate the majority of rifles and shotguns equipped with a scope.

Does the sock protect against moisture?

Yes, the knitted fabric benefits from a silicone treatment which helps to limit moisture and helps to prevent the appearance of corrosion during storage.

Can this sock be used in a safe?

Yes, it is particularly suitable for storage in a safe or gun cabinet. It protects the weapon from friction, dust, and humidity.
