Steel Picatinny rail with integrated sight for Pedersoli Lever Action rifles.

The **Pedersoli Rail Picatinny Boarbuster Droptine** is a steel mounting base designed for **Davide Pedersoli lever-action** rifles. Featuring a **Picatinny** rail and an **integrated rear sight** , it allows for the installation of optics while maintaining a mechanical sighting solution.

- **Type:** Picatinny rail base
- **Compatibility: Davide Pedersoli** Lever Action Boarbuster and Droptine rifles
- **Material:** Steel
- **Finish:** bronze (blued)
- **Rear sight:** Integrated rear sight
- **Mounting:** Picatinny rail for optics and accessories

Pedersoli Lever Action Picatinny Rail dedicated to Lever Action

The **Pedersoli Picatinny Rail for Boarbuster and Droptine rifles** was specifically designed for the Italian brand's modern **lever-action** rifles. Its profile perfectly matches the receiver lines of the **Boarbuster** and **Droptine** models, ensuring a solid and perfectly aligned mount.

This base allows for the easy installation of a **rifle scope** , a **red dot sight** or any other **Picatinny** compatible accessory, while maintaining the aesthetics and balance characteristic of these rifles.

Integrated rear sight to retain mechanical sighting

An interesting feature of this rail is the integration of a **rear sight** . This allows the rifle **'s open sights** to be used even when the rail is installed.

This solution offers great versatility: the shooter can mount an optic for certain situations while retaining a traditional sight as a backup solution.

Robust steel construction

Made of **steel** with a **bronzed** finish, this rail offers excellent resistance to wear and the stresses of shooting. Its design ensures rigid support for the optics, an essential element for maintaining accuracy and consistency in shooting.

The robustness of this mounting base perfectly matches the spirit of **Davide Pedersoli** rifles, renowned for their manufacturing quality and reliability in the field.

- **Rail type:** Picatinny

- **Compatibility:** Boarbuster / Droptine
- **Sights:** Integrated rear sight
- **Material:** Bronzed steel

FAQ

Is this rail compatible with all Pedersoli Lever Action rifles?

No. This model is specifically designed for the Davide Pedersoli Lever Action Boarbuster and Droptine rifles.

Can a red dot be mounted on this rail?

Yes. The Picatinny rail allows the installation of a red dot sight, a scope, or any accessory compatible with this mounting standard.

Is the mechanical sight still usable?

Yes. The rail incorporates a rear sight which allows the use of open sights to be maintained even with the base installed.
