EN5367	Ballistol Lens Cleaning Kit	Vente libre	45.00 € incl. tax

The complete Ballistol kit for effectively cleaning glasses, binoculars and shooting optics.

The **Ballistol Optik-Reiniger Set** is a complete kit specifically designed for cleaning sensitive **optics** such as **rifle scopes** , **binoculars** , **red dot sights** , or **photographic lenses** . Compact and practical, it removes dust, smudges, and residue without leaving any marks on the optical surfaces.

- **Type:** Lens cleaning kit
- **Cleaning product:** Ballistol Optik-Reiniger 30 ml spray
- **Brush:** dusting brush
- Cleaning **cloth:** microfiber
- **Applications:** shooting glasses, binoculars, optics, screens, cameras
- **Transport:** compact storage pouch
- **Action:** streak-free and residue-free cleaning

A kit specifically designed for optics

The **Ballistol Optik-Reiniger Set** was developed to effectively clean delicate optical surfaces. Rifle scopes, binoculars, red dot sights, camera lenses, or screens: all these surfaces require precise, residue-free cleaning.

The cleaning spray effectively dissolves traces of grease, dust, and deposits without damaging lens coatings. The result is a perfectly clean surface, free of streaks or haze.

A multi-step cleaning

The kit includes a **dusting brush** to remove particles before cleaning. This step prevents scratching the lenses when wiping.

The **Optik-Reiniger** spray is then applied and wiped off with the provided **microfiber cloth** . This combination ensures gentle and effective cleaning, particularly suitable for modern lenses.

- **Spray:** optical cleaner 30 ml
- **Brush:** dust brush
- **Cloth:** high-quality microfiber
- **Transport:** compact fabric pouch

Compact and practical format

The kit comes in a compact **carrying pouch** that protects the accessories and makes it easy to carry in a shooting bag, briefcase or camera bag.

This practical format allows you to always have on hand the necessary equipment to maintain your optics, whether at the shooting range, on the move or in the field.

FAQ

Is this kit compatible with shooting glasses?

Yes. The Ballistol Optik-Reiniger kit is specially designed to clean rifle scopes, binoculars, red dot sights and other sensitive optical surfaces.

Does the product leave any residue on the lenses?

No. The optical cleaner formula is designed for streak-free and residue-free cleaning, while respecting the surface treatments of the lenses.

Can this kit be used for camera screens or lenses?

Yes. The kit is also suitable for camera lenses, binoculars, screens and other sensitive optical surfaces.
