A modern pump-action shotgun with a folding chisel stock and advanced tactical ergonomics.

The **Mossberg 590RM Chisel** in **12/76** gauge is a modern **pump-action shotgun** designed to offer reliability and ergonomics in a compact and modular configuration. It combines the proven mechanics of the **Mossberg 590** platform with innovations such as an **ambidextrous rotary safety selector** , a **folding chisel stock** , and a Picatinny rail optimized for optics mounting.

- **Action type:** pump-action shotgun
- **Capacity:** 6 + 1 shots
- **Stunning finish:** Parkerized
- **Chokes:** Accu-Choke system (Cylinder Bore installed)
- **Safety:** Ambidextrous rotary selector
- **Sights:** Adjustable **Magpul MBUS 3**
- **Rail:** Top Picatinny rail for optics
- **Stock:** 8-position adjustable with Chisel folding mount
- **Handle:** MOE+ ergonomic

- **Caliber:** 12/76
- **Canon:** 47 cm (18.5")
- **Total length:** 94 cm (36.75")
- **Weight:** 3.4 kg (7.6 lbs)

A modern evolution of the Mossberg 590

The **Mossberg 590RM Chisel** retains the renowned reliability of the Mossberg **pump-action** system while incorporating significant ergonomic improvements. The new **ambidextrous rotary safety selector** is easily accessible without altering the grip, allowing for quick and intuitive operation.

The flat trigger provides a crisp and consistent break, improving control when firing.

Adjustable Chisel Folding Stock

This model is distinguished by its **Chisel Folding Stock Mount** . This system allows the stock to be folded along the receiver to reduce bulk during transport or storage.

The stock also features **8 adjustable positions,** allowing the stock length to be adjusted between **12.5" and 16.5"** . It is equipped with a **MOE+ pistol grip** and an interchangeable butt plate to improve shooting comfort.

Canon 18.5-inch with integrated barrel guard

The **18.5-inch** barrel incorporates a **heat shield** to limit heat buildup during firing sequences. This configuration enhances the overall robustness while maintaining a compact profile.

The **Accu-Choke** system allows the shot dispersion to be adapted according to the use.

Accessory-ready platform

The rifle is equipped with a **top Picatinny rail** for mounting a **red dot sight** or optics. The fold-down and adjustable **Magpul MBUS 3** iron sights provide a reliable mechanical aiming solution.

An **M-LOK** adapter located at the front also allows the installation of accessories such as a light or a strap attachment.

FAQ

Is the stock adjustable?

Yes. The stock has eight positions allowing the stock length to be adjusted according to the shooter's morphology.

Can a scope be mounted on this rifle?

Yes. The upper Picatinny rail allows for the installation of a red dot sight or compatible optics.

What type of chokes does this model use?

The shotgun is compatible with the Mossberg Accu-Choke system and comes with a Cylinder Bore choke installed.
