- **Sights:** Flip-up included
- **Magazine included:** MAGPUL PMAG 10 rounds
- **Finish:** Cerakote Tungsten Grey or Burnt Bronze
- **Use:** Dynamic sport shooting

A modern and compact PCC platform

The **BTS9 8.3"** retains the familiar ergonomics of the AR platform in a compact **9x19** PCC configuration. Its short barrel improves maneuverability and provides excellent responsiveness during rapid follow-up shots at the range.

Premium Cerakote finish

Available in **Tungsten Grey** or **Burnt Bronze** , this version immediately stands out on the shooting range. The **Cerakote** finish not only provides a modern visual identity but also excellent resistance to wear and tear and external damage.

8.3-inch Ballistic Advantage Canon

The barrel comes from the American manufacturer **Ballistic Advantage** , renowned for the quality of its products. This configuration provides a precise and particularly enjoyable platform for dynamic shooting disciplines.

Glock magazine compatibility

The platform accepts **Glock magazines** , a welcome advantage for accessory availability and logistical simplicity. The release button, conveniently located near the right index finger, further enhances the speed of operation.

M-LOK handguard and modularity

The **M-LOK** handguard allows for the easy installation of various compatible accessories: light, handstop, grip, or additional sighting system. This modularity offers a configuration perfectly adaptable to the shooter's preferences.

Robust 7075 T6 aluminum construction

The upper and lower sections, machined from **7075 T6 aluminum,** guarantee rigidity and durability while maintaining a low weight. Once in hand, the platform immediately exudes quality and craftsmanship.

Stand-ready setup

The rifle comes with a **10-round MAGPUL PMAG magazine** and **flip-up** sights. The **1/2x28** thread accepts an A2-style bird cage flash hider in true AR tradition.

- **Caliber:** 9x19
- **Barrel:** 8.3-inch Ballistic Advantage
- **Compatibility:** Glock magazines
- **Material:** 7075 T6 Aluminum
- **Interface:** M-LOK
