Ergonomic stock made of weather-resistant composite materials.

The **Beeman Xtreme Viper** in **4.5 mm** is a break-barrel **air rifle** designed to deliver power and accuracy.
Its gas piston system and barrel with integrated moderator ensure efficient and comfortable shooting.

- **Propulsion:** Gas piston
- **Barrel:** Bull barrel with integrated moderator
- **Armament:** Break-barrel
- **Optics:** 6x40 scope included
- **Sighting devices:** Fiber optic + Picatinny **rail**
- **Stock:** All-weather synthetic

- **Caliber:** 4.5 mm (.177)
- **Speed:** 350.5 m/s

Controlled power with gas piston

Gas piston technology offers a smoother firing cycle than a traditional spring. In practice, this translates to less vibration, greater consistency, and increased lifespan - a real advantage for demanding shooters.

robust and accurate tilting barrel

The **break-barrel** system ensures quick and easy setup. The **bull barrel** with integrated moderator helps stabilize the shot while reducing perceived noise, making every session more comfortable.

Complete equipment ready to fire

Supplied with a **6x40 scope** , this rifle is immediately operational. The **fiber optic sights** remain available for use without optics, offering versatility and adaptability.

Ergonomics and handling

The **synthetic stock** ensures lightness and resistance to outdoor conditions. The overall balance is pleasant, allowing for good stability, even during extended sessions.

- **Use:** Recreational shooting, target shooting
- **Optical mount:** Picatinny rail compatible with accessories
- **Maintenance:** Simple, without air or CO2 management

FAQ

What are the advantages of the gas piston?

The gas piston reduces vibrations, improves shooting consistency and requires less maintenance than a conventional spring system.

Is the glasses included?

Yes, the rifle comes with a 6x40 scope, ready to be mounted for immediate use.

What type of shooting is this model suitable for?

This model is suitable for recreational shooting and target shooting thanks to its power and precision in 4.5 mm caliber.
