Ultra-stable mount for optics on a Swiss K31 rifle.

The **Rusan Roll-Off Mount 30mm K31** is a **steel optical mount** designed to provide a reliable and durable attachment to Swiss K31 rifles with dovetail rails.

- **Tube diameter:** 30 mm
- **Compatibility: Swiss K31** rifle (dovetail)
- **Mounting type:** Fixed with screws (not quick-release)
- **Construction:** High-strength steel
- **Design:** Base + two-part necklace
- **Fixing:** By screws (installation with tools)
- **Resistance:** Excellent recoil resistance
- **Finish:** Matte black

Specific adaptation for the Swiss K31

This mount is specifically designed for the **Swiss K31 rifle** , renowned for its linear bolt action and distinctive dovetail rail. The precise fit - with no play - ensures a **stable and perfectly aligned optical interface** .

Secure Roll-Off System

The two-part **roll-off** design (base + collar) prevents any movement or rotation under recoil. In practice, this means **consistent mount stability** , even after numerous shooting sessions.

High-strength steel construction

Machined from **solid steel** , this mount inspires immediate confidence. It effectively absorbs mechanical stresses and guarantees excellent **zero stability** over time - an essential point for demanding shooters.

Fixed mounting for maximum reliability

Unlike quick-release systems, this model is secured with screws. This design choice prioritizes **strength** and **durability** , minimizing any risk of loosening. Ideal for permanent installation on your headlight.

- **Optics type:** 30mm tube telescope
- **Installation:** Tools required
- **Uses:** Target shooting, collecting, precision shooting

FAQ

Is this assembly compatible with all K31 models?

Yes, it is designed specifically for the dovetail rail of the Swiss K31, ensuring a precise fit.

Can this assembly be disassembled quickly?

No, it is a fixed screw-mounted assembly, requiring tools for disassembly, guaranteeing maximum stability.

Is it suitable for powerful calibers?

Yes, its steel construction and robust design allow for excellent recoil resistance, even on demanding calibers.
