Versatility and efficiency for pigeon shooting at all distances.

Rottweil Game Edition Pigeon 12/70 32g are **hunting cartridges** designed to offer excellent coverage and energy suitable for pigeon hunting.

- **Load weight:** 32 g
- **Optimal distance:** 15 to 35 m
- **Base:** 16 mm
- **Socket:** Plastic
- **Packaging:** Box of 25

Optimized for pigeon hunting

The **Rottweil Game Edition Pigeon** is designed to meet the demands of pigeon shooting, a fast-moving game bird often shot in flight. It offers a **consistent and sufficiently dense shot pattern** to maximize the chances of a hit.

Performance over varying distances

Designed for shots between **15 and 35 meters** , this cartridge offers good versatility. Whether shooting at close range or intermediate distances, it maintains **effective energy** and controlled dispersion.

Load suitable for shooting on the move

With a **32g** load and size 6 shot, it offers an excellent compromise between **speed** , **coverage** , and **stopping power** . In practice, this allows it to effectively handle fast trajectories.

Consistent reliability in the field

Rottweil's manufacturing quality guarantees consistent combustion and performance. It's the type of cartridge you can easily choose for confidently firing in quick succession.

- **Use:** Pigeon hunting
- **Weapon type:** 12 gauge shotgun
- **Application:** Shooting in flight

- **Reference:** 2403363

FAQ

Is this cartridge suitable for pigeons in flight?

Yes, it is designed to provide a consistent and effective pattern on fast-moving targets like pigeons.

For what distances is it ideal?

It is optimized for shots between 15 and 35 meters, covering the majority of hunting situations.

What type of lead is used?

It uses No. 6 lead (2.8 mm), offering a good compromise between density and energy.
