A pack designed for versatility

With the **SL50 Complete Pack** , everything is taken care of from the start. It includes both **Standard** and **Wrap-Around** configurations, allowing you to adapt the moderator to different hunting situations. It's an ideal solution for users with multiple firearms or those seeking maximum flexibility.

Noise reduction and optimized comfort

Depending on the chosen configuration, noise reduction can reach up to **36 dB** . In the field, this translates to significantly quieter shooting and improved hearing comfort. Simultaneously, reduced **recoil** promotes greater stability and more controlled shooting.

Wide compatibility and modularity

Thanks to the various **threaded adapters** included (M14x1, M15x1, M16x1, 5/8x24), this pack covers a wide range of firearms. Changing configurations is simple and requires no complex tools, allowing for quick transitions between different weapons.

Maintenance and durability

The included **cleaning kit** and **specific cleaner** make regular maintenance of the moderator easy. The **thermal covers** help to reduce heat generated during firing, improving user comfort.

Secure transport

The entire set comes in a **rigid case** , convenient for storage and transport. Everything is organized, protected, and ready for use in the field.
