LYM299	LYMAN Turbo Case Cleaner 16 OZ	Vente libre	473	35.00 € incl. tax

The cleaner specially designed to restore shine and cleanliness to your brass cases.

LYMAN Turbo Case Cleaner 16 OZ is a **case cleaning solution** developed for the maintenance of **brass** cases and parts. Compatible with ultrasonic cleaners and reloading tumblers, it effectively removes firing residue, oxidation, and impurities.

- **Type:** Case cleaning solution
- **Compatibility:** Brass cases and parts
- **Use:** Ultrasonic cleaner or tumbler
- **Application:** Pre-cleaning or wet media
- **Capacity:** 473 ml (16 OZ)
- **Brand:** Lyman

A solution designed for case maintenance

LYMAN Turbo Case Cleaner 16 oz has been formulated to effectively clean heavily soiled or oxidized cases. Powder residue, combustion marks, or old dirt: this solution works quickly to restore a clean and uniform appearance to brass cases.

In practice, the difference is immediately noticeable after cleaning. The cases regain a cleaner finish, which also facilitates visual inspections before reloading.

Compatible with multiple cleaning methods

This formula can be used in different ways depending on the equipment available. It works perfectly with **ultrasonic cleaners** , but can also be used as a wet cleaning solution in a refilling tumbler.

In other words, the product is suitable for both occasional reloaders and users dealing with large volumes of cases after a shooting session.

- **Manual operation:** Yes
- **Tumbler compatible:** Yes
- **Ultrasonic compatible:** Yes
- **Cleaning type:** Pre-cleaning and wet cleaning

A formula specifically for brass

The cleaner has been specially developed for **brass** cases and parts. Its formulation allows for effective cleaning without damaging metal surfaces when used according to the maintenance recommendations.

This is typically the kind of product that is indispensable on a **reloading** bench, especially for keeping components clean and facilitating recalibration or inspection operations.

Convenient format for the reloading workshop

With its 473 ml capacity, the **LYMAN Turbo Case Cleaner** offers a good balance between autonomy and ease of storage. It is suitable for both regular use and occasional cleaning after intensive sessions.

FAQ

Is this product compatible with ultrasonic cleaners?

Yes, this solution was designed for use with ultrasonic cleaners dedicated to cleaning brass cases and parts.

Can this cleaner be used in a tumbler?

Yes, the product can be used as a wet cleaning solution with a compatible refilling tumbler.

What is the purpose of cleaning cases before reloading?

Cleaning helps to remove residues and impurities in order to preserve reloading tools, facilitate case control and improve user comfort.
