Aluminum silencer to effectively customize your airsoft replica.

The **SLR Short Black Silent Tactical Lancer,** officially licensed **by SLR Rifleworks,** is an aluminum **airsoft** accessory designed to give your replica a realistic and modern finish while maintaining a compact size.

- **Type:** Dummy airsoft silencer
- **License: SLR Rifleworks**
- **Thread:** 14 mm CCW
- **Length:** 135 mm
- **Weight:** 280 g
- **Material:** Aluminum
- **Color:** Black
- **Brand: Lancer Tactical**

A tactical finish for your replica

Whether for customizing a modern platform or enhancing its operational appeal, the **Black SLR Short Tactical Silent Lancer** instantly adds a touch of refined aesthetics. Its compact size maintains excellent maneuverability while improving the overall look of the replica.

Durable aluminum construction

Made of aluminum, this accessory offers a good balance between robustness and light weight. It effectively withstands repeated handling and the stresses encountered during **airsoft** games. Its black finish is particularly appealing, blending easily into most tactical setups.

Short format to preserve maneuverability

At only 135 mm long, this model remains discreet while adding a distinctive style to the replica. This size is particularly appreciated on compact platforms or those designed for CQB environments where every centimeter counts.

Quick mounting on 14 mm CCW thread

The standard 14mm CCW thread ensures compatibility with many airsoft replicas on the market. Installation is simple and allows you to quickly change the look of your equipment.

- **Style:** SLR Short
- **Use:** Airsoft
- **Mounting:** Direct screwing
- **Finish:** Black anodized
- **Size:** Compact

FAQ

Does this silencer reduce the noise of the replica?

This is an airsoft accessory whose main function is aesthetic. Its sound output depends on the replica's configuration and any internal components present.

Which replicas is it compatible with?

It is compatible with replicas that have an external 14mm CCW thread.

Is aluminium a good choice for an airsoft accessory?

Yes, aluminum offers an excellent compromise between lightness, mechanical strength and durability for regular use in the field.
