Easily lubricate your Minié and Maxi balls for smooth and convenient loading.

A tool designed for Minié and Maxi balls

The **Pedersoli Bullet Greaser** simplifies the preparation of projectiles used in **black powder shooting** . It allows for the even application of grease to the lubrication grooves of Maxi and Minié bullets, a valuable step for improving ammunition handling and preparation.

A simple and effective design

Made of **aluminum** , this accessory combines lightness, robustness, and ease of maintenance. Its intuitive use allows for the rapid processing of multiple projectiles while maintaining a consistent application of lubricant.

Insert adapted to the selected caliber

Each Bullet Greaser comes with an insert corresponding to the chosen caliber. This design ensures proper bullet retention during the lubrication process and contributes to even application across the entire surface.

A popular accessory among black powder shooters

Whether for historical target shooting or the meticulous preparation of projectiles, this tool saves time while improving preparation comfort. It's exactly the kind of accessory you quickly appreciate on your workbench after just a few shooting sessions.
