Compact PCP reservoir with integrated regulator for stable air supply.

BO Manufacture premium aluminum bottle and regulator, 3000 Psi

The BO Manufacture regulator is assembled and glued at the factory to provide optimal sealing.

Ideal for a beginner in HPA airsoft or for a paintball gunner.

- **Brand: BO Manufacture**
- **Type:** Aluminum HPA cylinder with regulator
- **Capacity: 0.2 L**
- **Regulator pressure: 3000 PSI**
- **Material:** Aluminum
- **Length:** 24 cm
- **Weight:** 473 g
- **Use:** Compatible with paintball markers and HPA Airsoft replicas

A regular HPA supply

The **3000 PSI regulator** delivers constant pressure to ensure stable operation of **HPA** systems. This consistency is particularly valued in **airsoft** and **paintball** , where it contributes to consistent performance.

Compact and lightweight

With a **0.2L** capacity, a length of **24cm** , and a weight of only **473g** , this bottle minimizes bulk while maintaining good autonomy depending on the setup. It is perfectly suited for compact rigs.

Aluminum construction

Its **aluminum** body offers an excellent balance between robustness and lightness. Its black finish matches most **paintball** and **HPA airsoft** equipment.

Compatible with HPA equipment

This bottle is designed for **paintball markers** and compatible **HPA Airsoft replicas** with its regulator and mounting system. Its compact size makes it suitable for both dynamic gameplay and lightweight setups.

FAQ

Is this bottle compatible with HPA Airsoft?

Yes, it is designed to power HPA Airsoft replicas compatible with a 3000 PSI regulator.

Can it be used on a paintball marker?

Yes, this bottle is intended for paintball markers compatible with this type of bottle and regulator.

What are its weight and dimensions?

It measures 24 cm in length and weighs 473 g.
