A reliable, robust and affordable marker for starting out in paintball.

The **SWAP Riot 2 .68 caliber Paintball Marker** is a **semi-automatic marker** designed for beginners in **paintball**. Its **all-metal body**, compatibility with **both CO2 and compressed air (HP)**, and simplified maintenance make it an excellent choice for starting out with reliable and durable equipment.

- **Caliber:** .68
- **Operation:** CO2 or compressed air (HP)
- **Construction:** All-metal body
- **Canon:** 8 inches
- **Thread:** Spyder
- **Power supply:** Vertical Clamp Feed
- **Relaxation:** Double finger
- **Pads:** Non-slip rubber
- **Front handle:** Rubberized
- **Gas line:** Internal
- **Compatibility:** CO2 and compressed air (HP)

The ideal choice for starting out in paintball

The **SWAP Riot 2** was developed to offer an accessible, reliable, and enjoyable first experience. Its simple mechanics, robustness, and quick maintenance allow new players to discover **paintball** with effective equipment without a significant investment. It's the type of marker that players appreciate from their very first games thanks to its ease of use.

A robust, all-metal design

Its **all-metal body** provides excellent rigidity and an immediate feeling of solidity. Unlike many entry-level models, this construction inspires confidence in the field and ensures good resistance to repeated use. The non-slip rubber grips and rubberized front handle further enhance the marker's comfort and control.

Compatible with CO2 and compressed air

The **Riot 2** works equally well with a **CO2** cylinder or a **high-pressure (HP) compressed air** system. Its internal gas supply contributes to a clean aesthetic while effectively protecting the hoses. This versatility makes it easy to choose the power system best suited to your needs.

A platform that is simple to maintain and evolve

Quick disassembly makes cleaning easy after each day of play. The BB triggers are easily replaceable, and the **8-inch barrel** with **Spyder threading** allows for the mounting of a wide selection of compatible barrels available on the market. The **Vertical Clamp Feed** system ensures reliable loader retention during games.

Performance tailored for recreational play

Its two-finger trigger allows for quick and consistent shots, while its overall balance provides a natural grip. Versatile, reliable, and easy to use, the **SWAP Riot 2** is an excellent starting point for discovering paintball as a hobby, training regularly, or equipping a rental field.

FAQ

Is SWAP Riot 2 suitable for beginners?

Yes. Its robust design, simple mechanics and easy maintenance make it an excellent marker for discovering paintball under good conditions.

Can it run on CO2 and compressed air?

Yes. The Riot 2 is compatible with both CO2 cylinders and high pressure (HP) compressed air systems.

Is the cannon compatible with other models?

Yes. Thanks to its Spyder thread, the marker accepts many compatible barrels available on the market.
