Airsoft replica with programmable electronic trigger and BRUSHLESS motor!

The new GEN3 Lancer Tactical series offers the same features as the Proline series, combining a Gen2 Series Polymer body, an ETU NEBULA programmable electronic trigger and a SAC BRUSHLESS motor, making it one of the most versatile and high-performing products on the market!

Thanks to its new Nebula V2 ZION Arms electronic trigger with magnetic sensor, this replica is extremely consistent in shooting (average deviation of 2-3 fps) with several firing modes: semi, semi only, full auto, burst 2-3-4-5 shots and binary!

Its Brushless SAC motor allows for an extreme rate of fire of between 30 and 35 shots per second (depending on the battery used).

Gearbox:

- Lancer Tactical engraved metal gearbox shells
- Steel gears with an 18:1 ratio (Specific sector gear to work with the ETU Nebula Zion Arms)
- Delayer
- 8mm Bearings
- 14-tooth steel piston
- Black anodized cylinder for an improved surface finish
- SAC Brushless Motor
- QD spring guide on bearings
- M90 Spring
- Quick Change (QD) spring

- Low resistance shielded cabling
- Hi-speed metal trigger
- ETU Nebula Zion Arms electronic trigger unit with integrated MOSFET protection on the electronic board
- 16AWG shielded cabling (rear)

Internal parts:

- 6.03mm Aluminum Precision Barrel
- Center wheel hop-up unit (Gen 2)
- 50° hop-up joint

External parts:

- High-density polymer body
- One-piece metal outer barrel
- Folding sight made of nylon fiber
- ergonomic bridge
- Slim M-LOK 10" compatible polymer handguard
- Single-point steel strap attachment
- Stock with rubber butt plate
- Metal stock tube
- Steel dummy cylinder head
- Metal cocking lever with hi-speed grip
- Metal magazine stop
- (fictional) metal bolt catch
- 120-round polymer mid-cap magazine
- T-Dean battery connector

Battery and battery charger not included
