The original frame kit to restore the performance of your Osprey 5".

The **ARCTURUS Osprey 5" mid-frame kit** combines a **die-cast zamac chassis** with **CNC-machined** components for strength and precision. Compatible with the **ARCTURUS Tactical Osprey 5"** and **Tokyo Marui parts** , it features a **reinforced hammer pin** for long-lasting reliability.

- **Type:** Mid Frame Set
- **Brand: ARCTURUS**
- **Compatible model: ARCTURUS Tactical Osprey 5"**
- **Construction:** Die-cast zinc chassis and CNC machined parts
- **Equipment:** Reinforced hammer shaft
- **Compatibility:** Compatible with Tokyo Marui (TM) parts
- **Use:** Replacement, maintenance or customization of the casing

A frame faithful to the original configuration

The **ARCTURUS Osprey 5" Mid Frame Set** allows you to replace the central receiver of the **Tactical Osprey 5"** platform. It replicates the original design to guarantee precise assembly and perfect integration with the other components of the replica.

Combination of zamac and CNC machining

The main chassis is made of **die-cast zinc** , while some components are **CNC machined** to ensure precise tolerances. This combination offers an excellent balance between robustness, assembly precision, and durability.

Reinforced hammer shaft

The kit includes a **reinforced hammer shaft** , designed to better withstand repeated stresses on the mechanism. This improvement contributes to reliable operation and extends the lifespan of internal components during regular use.

Compatible with Tokyo Marui parts

Developed for the **ARCTURUS Tactical Osprey 5"** , this kit is also **compatible with Tokyo Marui (TM) parts** . This compatibility facilitates maintenance and customization projects for the **Hi-Capa** platform.

An ideal solution for maintenance

Whether it is to restore a replica after intensive use or to replace a damaged frame, this kit provides a reliable solution, conforming to the manufacturer's specifications and suitable for users seeking an original part.

FAQ

Which replica is this kit compatible with?

This Mid Frame Set is designed for the Osprey ARCTURUS Tactical 5 inch.

Is the kit compatible with Tokyo Marui parts?

Yes. The manufacturer indicates compatibility with Tokyo Marui (TM) parts, facilitating maintenance and customization.

What is the advantage of the reinforced hammer shaft?

The reinforced hammer shaft improves resistance to repeated mechanical stresses and contributes to the reliability of the replica's mechanism.
