An aluminum cylinder head to restore or customize your Osprey 5".

The **ARCTURUS Osprey 5" slide** combines a **cast and CNC-machined aluminum structure** to guarantee robustness and precision. Compatible with the **ARCTURUS Tactical Osprey 5"** , it is an ideal original part for repairing or customizing a **gas blowback** replica.

- **Type:** Slide-on cylinder head
- **Brand: ARCTURUS**
- **Compatible model: ARCTURUS Tactical Osprey 5"**
- **Construction:** Diecast and CNC machined aluminum
- **Function:** Complete replacement cylinder head
- **Use:** Repair, maintenance or customization

An original cylinder head for Osprey platforms

The **ARCTURUS Osprey 5" bolt carrier** is designed to replace the original part **on Osprey 5" Tactical** replicas. Its fit adheres to the manufacturer's specifications to ensure reliable operation and seamless integration with other platform components.

A construction made of cast and CNC-machined aluminum

This cylinder head combines a **die-cast aluminum** base with **CNC machining** to ensure precise dimensions and excellent assembly quality. This design provides a good balance between robustness, finish, and durability.

Designed for the Gas Blowback system

The bolt plays a central role in the operation of a **GBB** replica. It houses the main components of the upper mechanism and is involved in the firing cycle. A part conforming to the original specifications helps maintain consistent operation and the reliability of the replica.

An ideal solution for maintenance or customization

Whether you need to replace a damaged bolt or restore a replica, this **ARCTURUS bolt** is a suitable solution. Its careful manufacturing and compatibility with the **Osprey 5" Tactical** ensure that the manufacturer's intended performance is maintained.

FAQ

Which replica is this bolt compatible with?

It is compatible with ARCTURUS Tactical Osprey 5-inch replicas.

What are the advantages of a CNC-machined and cast aluminum construction?

This combination offers a good compromise between robustness, dimensional accuracy and quality of finish, while ensuring excellent compatibility with original components.

Is this cylinder head intended for repair or customization?

It is suitable both for replacing an original part and for a customization project, provided that it is compatible with the 5-inch Osprey Tactical platform.
